

AD Equipment & Technologies

Ensuring Path To Success...

ABOUT US

- **AD Equipment & Technologies provides Test & Measurement Instruments cum Solutions as well as Data Science Solutions. Our expertise are in the field of Digital, RF, Electrical, Electronics, Automation and Data Science Domain.**
- **ADET is based in Ahmedabad and having active presence in entire Gujarat, Madhya Pradesh, New Delhi (For North region) & Chhattisgarh region. Apart from our Ahmedabad office, we also have resident sales & application engineers in Baroda, Bhopal & Indore for local support.**
- **We are partnered with different reputed companies such as GWINSTEK Taiwan, Ainuo Power Qingdao, Elektro-Automatik Germany, Onosokki Japan, Graphtec Japan, Fluke USA, Rohde-Schwarz Germany, ITECH Power Solutions Taiwan, HBK Germany, Hioki Japan.**
- **We empower our principals to expand their reach and engage with customers regardless of their scale or location, in an efficient and structured manner. We add value in the form of need identification, consultative selling and configuring the right solutions with excellent technical support back up for our customers.**
- **We also have highly qualified Certified LabVIEW team for simple as well as complex ATE Project Automation Solutions.**
- **We are also partnered with highly qualified & experienced Data Science Professionals i.e. Data Scientists for providing Data Science Solutions. Our data science team understands the criticality of “Data Analysis” in any company’s growth and therefore we keep reinventing methods of analyzing it as well as presenting these in a manner that scientists and engineers appreciate.**
- **We work closely with customers from different verticals, such as R&D, Aerospace & Defense, Education Research, Electrical/Electronics Manufacturing Industries, Oil & Gas Industries, Automotive Industries, Telecom Industries, LED Driver and Solar PV Manufacturers, etc.**
- **We are committed to adhere to different values like customer satisfaction, on-time pre sales and after sales support & services.**

OUR SERVICES

- **Consultation and supply of Electrical & Electronic Test & Measurement Instruments.**
- **Consultation and supply of RF/Wireless Communications Equipment.**
- **Consultation and supply of Automation/DAQ Instruments.**
- **LabVIEW based ATE Automation Solutions.**
- **Consultation and supply of Noise & Vibration Analysis test setup.**
- **EMI/EMC Testing Solutions.**
- **Data Science Solutions.**

OUR TECHNOLOGY PARTNERS

GW INSTEK, Taiwan is one of the top most manufacturer of Cost Effective AC/DC Power Sources, Oscilloscopes, Spectrum Analyzers, Signal Generators, Frequency Counters, DC Electronic Loads, AC/DC Hipot Testers, AC Ground Bond Testers, etc.

The logo for FLUKE, consisting of the word 'FLUKE' in a bold, black, sans-serif font, centered within a yellow rectangular background.

FLUKE.

HT Instruments, Italy is the well known manufacturer of high performance Digital Multimeters, PV Testers, Installation Testers, Power Quality Analyzers, Infrared Cameras, Laser Distance Meters, Process Calibrators, etc.

Ainuo Instruments is one of the leading manufacturer of high performance AC/DC Safety Analyzers, AC/DC Power Sources, Power Analyzers, Ground Power Units, Inverter/LED/Motor ATE Full Testing Solution, etc

Elektro-Automatik

Elektro-Automatik, Germany is one of the market leader in manufacturing of high performance DC Lab Power Supplies, Industrial Power Supplies, DC Electronic Loads, Power Systems ATE, Power Softwares, etc.

OUR TECHNOLOGY PARTNERS

Rohde & Schwarz, Germany is the world leading manufacturer of High-Performance Vector Network Analyzers, Spectrum Analyzers, Power Supplies, Precision DMM, SMU's, Pulse Generators, Delay Generators, RF/Vector Signal Generators, Phase Noise Analyzers, Frequency Counters, Function/Waveform Generators, Light Pulse Generators, Oscilloscopes, Radiation & Isotope Detectors, etc.

ITECH, Taiwan is well Known brand for Solar Array Simulator and Programmable DC Power supplies as well as other power Ele. Products like Power Meters, AC Power Sources, AC/DC Electronic loads and ATE test systems.

HBK, Germany is the world leading manufacturer of High Performance Data Acquisition & Control Systems, Sensors, Optical Interrogators, Transient Recorders, Power Analyzers, Signal Conditioners, Bridge Calibration Units, etc.

Onosokki, Japan is one of the leading manufacturer of high-performance Sound Level Meters, Vibration Analyzers Torque meters, Engine Techo meters and comprehensive automotive test solutions.

OUR TECHNOLOGY PARTNERS

The logo for Graphtec, featuring the word "GRAPHTEC" in a bold, blue, sans-serif font. The letters are closely spaced and have a slight shadow effect.

Graphtec, Japan is one of the top most manufacturer of High Performance Data loggers, Isolated channels Universal Data loggers, Paperless recorder and Thermal Printers.

The logo for Hioki, featuring the word "HIOKI" in a bold, white, sans-serif font. The letters are closely spaced and are set against a dark blue rectangular background.

Hioki, Japan is leading brand in Power Analyzers, Power Meters, Impedance Analysis, HV Testers, Battery testers, Data Loggers, Multi-meters, Clamp Meters, etc.
