

Universal Tubes

Where Quality meets the right Price.

Mission and Aim.

- We are primarily focused on providing our customers with satisfaction in our quality products at prices that are very competitive.
- No compromise in quality.
- Prompt service for our customers.
- Clearing all doubts with proper explanation.

Materials we deal in.

- Seamless Pipe.
- Seamless Pipe Fittings.
- Nylock Nuts.
- High Tensile Bolts and Nuts.
- High Tensile Rods and Studs.
- M.S. Washer and Spring Washer.

Seamless Pipe

1. Seamless Pipe with thickness of S/40 and S/80.
2. Sizes ranging from 15mm to 300mm.
3. Hydraulic Tubes, Heat Exchanger Tubes A179 and CDW tubes.

Seamless Pipe Fittings

1. Butt welded Elbow S/40 & S/80 from 15mm to 600mm.
2. Butt welded Tee S/40 & S/80 from 25mm to 600mm.
3. Butt welded Concentric Reducer S/40 & S/80 from 25mm to 600mm.
4. Butt welded Eccentric Reducer from 40mm to 600mm.
5. F.C.S. Butt welded Cap from 25mm to 600mm.

Seamless Pipe Fittings

Socket Weld Pipe Fitting 3000#

1. Elbow from 15mm to 100mm.
2. Tee from 15mm to 100mm.
3. Coupling from 15mm to 100mm.

High Tensile Bolts and Nuts.

1. Grade 8.8 Bolts with sizes ranging from 5mm to 36mm in head diameters and length ranging from 10mm to 300mm.
2. Grade 10.9 Bolts with sizes 16mm, 20mm and 24mm in head diameter. Lengths ranging from 50mm to 150mm long.
3. Grade 8.8, Half Thread Bolts from 10mm to 24mm in head diameters.
4. Grade 8 Nuts from 8mm to 64mm.

High Tensile Rods and Studs.

1. EN 8 and EN 19, 1 meter long rods, from 12mm to 36mm.
2. EN 8 Studs, Full Thread Auto Black, in head diameters of sizes 12mm, 16mm, 20mm, 24mm. Lengths 50mm to 150mm long.

M.S. Washer and Spring Washer.

1. M.S. Washer from 12mm to 64mm.
2. Spring Washer with sizes ranging from 8mm to 24mm. These washers are made from spring steel wire.

Application Areas of our material.

- Chemical Fertilizer and Petro Chemical Industry.
- Structural and Pre-engineered Building Industry.
- Heavy Machine Manufacturing Industry.
- Railways & Shipping Industry.
- Auto & Auto Ancillary, Elevator and Elevator Ancillary.
- Construction, Mining, Cement and Coal Industry.
- Turbine Manufacturing Industry.
- Port, Harbour and Ship repairing Industry.
- Energy Sector (Fossil Fuels, Wind, Hydro, Solar, Nuclear etc.,)
